## NOT A SICK DAY

## For Over Thirty Years!

## AYER'S PILLS

"AYER'S Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost continually as a result of constipation—headaches, neuralgia, or boils and other eruptive diseases. When I became convinced

that nine-tenths of my troubles were caused by constipation, I began the use of Ayer's Pills, with the most satisfactory results, never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I have not had the pleasure of knowing that with children as with parents, Ayer's Pills, if taken in season, avert all danger of sickness."—H. W. WARRINGTON, Byron, Ill.

## Mortgage Foreclosure Sale.

Whereas, Default has been made in the conditions of a mortgage, given by Helen J. Spencer and Lillian E. Smith, mortgagors, to Fannie E. Smith, mortgagee, dated 27th, 1894, and recorded in the Registry of Deeds of Crow Wing County, Minnesota, on August 11th, 1894, at 11 o'clock a. m., in favor of said mortgagee, and no action or proceeding has been instituted to recover the debt secured by said mortgage, or any part thereof.

And, Whereas, said mortgage was duly assigned by said Fannie E. Smith to S. Robinson by deed dated April 20th, 1895, and recorded in the Registry of Deeds of Crow Wing County, Minnesota, on August 11th, 1894, at 11 o'clock a. m., in favor of said assignee, and no action or proceeding has been instituted to recover the debt secured by said mortgage, or any part thereof.

## A MAGNIFICENT DISPLAY

## Will Crow Wing County Agricultural Exhibit at the State Fair Be

## Next Week.

Prize Pumpkins, Potatoes, Cabbages, Grains, Fruits, Etc., Until You Can't Rest.

Probably the finest agricultural exhibit ever collected in Crow Wing county or any other county in the state, left here today for St. Paul to be left on exhibition at the state fair for the benefit of Crow Wing county's productiveness and the skill and enterprise of her farmers and gardeners.

Several days were occupied in collecting the exhibit, and everything was properly labeled and placed on exhibition in the store room in the new Lagerquist block just as fast as received. The work of labeling and arranging was performed under the direction of A. R. Cass, one of our most prosperous farmers, assisted by Mrs. H. Theriot, of this city, who seemed to be the right person in the right place. The room was constantly thronged with citizens who called to inspect the display, and they were amply rewarded, as the constant expressions of pleasure and delight heard on all sides indicated. The articles were arranged in sections, all products from a town being placed in one section, and in this manner one had an opportunity to see at a glance how the exhibits of the different towns compared. However, they were all so fine, that there did not appear to be much difference. Bay Lake, as usual, had the best exhibit of fruit, but the gardeners of the city, we think, had a little the best display in the way of vegetables.

There were several very fine individual collections, notably those made by J. A. Bixby, of Oak Lawn, and Messrs. Brockway, Betzold and Phillip O'Neil, of this city, and G. A. Hunt, of Bay Lake. The best exhibit of flowers was made by Mrs. Shontell, of Brainerd, but Mrs. J. A. Wilson, of Crow Wing, had a fine exhibit, as did also her daughter, Miss Belle, and Mrs. G. A. Hunt, of Bay Lake. The best, in fact, only exhibit of ripe tomatoes, was made by A. G. Emmons, of Long Lake, and it was a "dandy." It contained a cluster of twelve tomatoes, of the early Michigan variety, on one stem, which was conceded by all who saw it, the best ever seen. W. A. Prentice, of Ft. Ripley, had an exhibit of apples that deserves special mention. It contained a small twig broken from the tree bearing twelve large apples. The tree from which this was taken, Mr. Prentice informs us, has been planted only six years, and has borne fruit four seasons. This does not look as if Crow Wing county was too cold to raise apples, as some people have claimed.

J. J. Stearns' exhibit from Davenport, contained samples of timothy and clover raised from seed furnished by the state and planted in May, that could not be beaten anywhere. Geo. McCulloch, owner of the poor farm, had a fine display of all kinds of agricultural products. The best exhibit of corn on the stalk was furnished by John Theriot, of Davenport. The stalks were fifteen feet high, and each contained two fine, full grown ears. There were other equally as fine displays by different individuals, but time and space prevent us from making any special reference to them, yet we can't refrain from speaking of the fine beans raised by Farmer Losey, in the Second ward. They were prominently displayed, and deservedly so, for they are all right, as the writer knows to his satisfaction, having sampled them, following is a list of those making exhibits:

It is a good suggestion, for, as a matter of fact, the study of geography is necessary to look up geographical facts every day of their lives. Why geography should ever be dropped in an educational course is one of the puzzles of the schools.

Duluth, Minn., Sept. 4.—George Fraker of Topeka, Kan., the man who was supposed to have been drowned in the Lake Superior, was captured in the woods near Tower, Minn., yesterday.

Fraker's life was insured for \$5,000, and the heirs brought suit in the Kansas courts to recover. The case went to the supreme court and was one of the most famous insurance cases of the country. The insurance companies were defeated in the final decision, it being rendered last month.

Fraker was a man of considerable interest because of a reward of \$20,000 which was offered for his capture. Fraker was a physician, and up to the latter part of 1893 he resided in the St. Cloud hotel, the leading hotel in Excelsior Springs, a famous health resort near the town of Excelsior, Minn.

Eight companions the doctor went fishing on the Missouri river one day, and after dark, while in company of Geo. Fraker, a negro, he disappeared and was seen no more. These three parties afterward swore positively that they saw Fraker in the woods near Tower, Minn., and that he was a man of considerable interest because of a reward of \$20,000 which was offered for his capture.

Some curious studies in the phonograph have recently been made by scientists in Europe. As the marker runs over the wax cylinder the investigators have traced the vibrations photographically on glass plates, thus obtaining the curves of the tones perceived to each vowel. Edison caught and fixed the sound, and these experiments are now showing it in diagrams. The possibilities of the phonograph are vague, but they are plainly in the region of the wonderful.

The decline of the wine product of France from 900,000,000 in 1905 does not disturb the increasing importation of French wines to this country, but it certainly shakes the faith in the purity of the 40,000 dozen bottles that are now required to meet the American demand for French wines.

Some of the imported wines are our own grape juice doctored and not imported, and others are entirely unrelated to the American dried apple. If all their secrets were known the importation of wines would take a tumble.

(From the Journal, Detroit, Mich.) Every one in the vicinity of Meldrum Avenue and Champlain street, Detroit, knows Mrs. McDonald, and many a neighbor has reason to be grateful to her for the kind and friendly interest she has manifested in cases of illness.

She has a kind-hearted friend, a natural nurse, and an intelligent and refined lady.

To a reporter she recently talked at some length about Dr. Williams' Pink Pills, giving some very interesting instances in her own immediate knowledge of marvelous cures and the universal beneficence of the remedy to those who had used it.

"I have reason to know," said Mrs. McDonald, "something of the worth of this medicine, for it has been demonstrated in my own immediate family. My daughter Katie is attending high school, and has never been very strong since she began to suppose she studied hard, and she has quite a distance to go every day. When the small-pox broke out in the school, she was very sick, and I took her to Dr. Williams' Pink Pills. I shall always be grateful to her for the kind and friendly interest she has manifested in cases of illness."

Mrs. Hattie Castleman was arraigned in the municipal court this morning charged with stealing \$20 in money from Nettie Ferguson. It seems that both the ladies above mentioned were stopping with a Mrs. Holmes who lives in the old school house in East Brainerd. On Wednesday evening Mrs. Castleman came down town and purchased a ticket for Chicago, and boarded the 8 o'clock train going to Staples. She had not left the house long when Miss Ferguson discovered that her trunk had been relieved of \$20 in cash, and at once suspected Mrs. Castleman. The authorities were at once notified, and a telegram was sent to Staples to arrest her on the arrival of the train, which was done. Deputy Meguire went yesterday and brought her back and lodged her in jail. Her trial was set for next Wednesday morning.

**Court Matters.**

District court has been in session in this city since last Tuesday morning and will probably last until the middle of next week. So far only two cases have been tried, Fred Wilson vs. R. J. Hartley, and Henry Spalding and Michael Jones vs. B. & N. M. Ry. Co. In the former case a verdict was found for the defendant, and in the latter the jury is still out.

The case of J. W. Copeland vs. John Bubar, is on trial as we go to press.

The grand jury had a very short session, in fact, it is the first body of the kind that has cleared up its business in one afternoon and found no indictments in many years. The following is the report made to the court:

To the Honorable Judge of the District Court of the 16th Judicial District:

We, the grand jury, have visited the county jail and the city lock-up, and find the county jail in excellent condition. The city lock-up, on the other hand, is in a bad sanitary condition, with dirty, filthy cots, unfit to be slept on, and we recommended to the court that the proper authorities be requested to remedy the matter at once. To procure new iron cots, and to have the place thoroughly cleaned and repaired and kept so.

**TRIED TO STOP HIS PAY.**

Some of the Aldermen Evidently Don't Like Chief Barron.

An adjourned meeting of the city council was held last night, at which an effort was made by some of the aldermen to get rid of Chief of Police Barron by cutting off his salary, but the motion to that effect was lost by a tie vote. There have been no charges preferred against Mr. Barron and no reason was stated for trying to dispose of him in this way. The matter occasioned considerable surprise, although rumors of such action have been in circulation several days. The following is a report of the proceedings of last night's meeting, at which all aldermen were present except Purdy and Bartlett.

Reports of the clerk and chief of police and street commissioner for month of August were read and accepted. Reports of clerk and chief show 39 arrests during the month, and amount of fines collected \$350.70. City clerk's report of electric light collections show 745.60 received from that source.

On motion several small claims against the city were allowed.

The street committee was instructed to purchase a blade for street scraper.

Resolutions adopted by the fire department were read and referred to fire committee, with instructions to draw up suitable recommendations to forward to Mr. Tighe. The matter of fire telephone was also referred to fire committee.

Motion was made and seconded that the chief of police's salary be cut off at once, and that the city clerk be instructed to notify him at once.

The motion was lost on a tie vote, Ald. McMaster, Chas. Gardner, Geo. Gardner and D. B. Smith voting aye, and Ald. Peterson, Reinhold, Adair and Larson voting nay.

Communication from Ambrose Tighe concerning water work matter was read and filed, and the matter of renewing insurance on electric light plant was referred to electric light committee to report at next meeting.

Petition of O. O'Brien for a permit to erect a two story frame building on block 39 was referred to the fire committee.

The chief of police was instructed to send an officer to the 4th ward twice a week to ring the curfew bell, and Sam Elliot was allowed \$2 for said service, but that they be discontinued. The chief was also instructed to have the officer in the 3rd ward ring the curfew bell, and Ed. Brehny was allowed \$2 for said service and notified to discontinue the same.

A certified copy of the report of the grand jury in regard to the condition of the city lock-up was read and referred to the mayor.

The health officer was requested to lay off the sanitary police.

Communication from True & Price in regard to claim of J. J. McDonald against Chief Barron was referred to police committee. Council adjourned.

**Death of J. A. Walker.**

R. F. Walters yesterday received a letter from Miss Bruce Walker, of Milwaukee, stating that her father had died at 10:45 on Tuesday night at their home in that city, where they have lived since last spring. This will be sad news to many friends of Mr. Walker in this city. Mr. Walker lived here for many years, serving the N. P. company in the capacity of ticket agent. He was removed to Detroit some years ago when the offices of ticket and freight agent here were consolidated, where he worked for the company until last spring, when he received a stroke of paralysis, which left him unfit to perform any labor whatever. He then removed to Milwaukee, where his daughters, Misses Laura and Bruce Walker were teaching, and made his home with them. He had the respect of all while living here, and his death will be mourned by all who knew him.

BAD ACCIDENT ON A RAILROAD ON LONG ISLAND.

An Excursion Train Standing at a Station is Run Into by a Wildcat and the Car is Telescoped.

Brooklyn, Sept. 4.—An appalling railroad accident occurred near Woodhaven, on the Sea Beach railway in which fifty persons were injured. While train No. 3, drawing seventeen cars which were crowded with passengers, was passing the station, a wildcat engine crashed into the rear car, telescoping it. The authorities were at once notified, and a telegram was sent to Staples to arrest her on the arrival of the train, which was done. **TRIED TO STOP HIS PAY.**

Some of the Aldermen Evidently Don't Like Chief Barron.

An adjourned meeting of the city council was held last night, at which an effort was made by some of the aldermen to get rid of Chief of Police Barron by cutting off his salary, but the motion to that effect was lost by a tie vote. There have been no charges preferred against Mr. Barron and no reason was stated for trying to dispose of him in this way. The matter occasioned considerable surprise, although rumors of such action have been in circulation several days. The following is a report of the proceedings of last night's meeting, at which all aldermen were present except Purdy and Bartlett.

**SOCIETY'S SWIM.**

Mrs. C. E. Cole and Mrs. N. B. Chase will give an afternoon coffee on Tuesday, Sept. 10th, from 4 to 6 p. m., at the residence of Mrs. Cole, corner Third and Juniper streets.

Mrs. D. E. Slipp and Mrs. S. F. Alderman entertained their lady friends at an afternoon coffee on Tuesday, at the residence of the former lady at the corner of Fourth and Juniper streets. The house was elaborately decorated with potted plants and cut flowers and presented a beautiful appearance. It was a most enjoyable occasion.

Mr. and Mrs. Chas. Johnson, on Fifth street south, were pleasantly surprised at their home last Friday evening by a large number of friends from the Swedish Lutheran church. Rev. P. M. Eckman presented to them on behalf of their friends a gift of some over \$40. Much sickness has lately visited the Johnson family and their friends would in this way help them "bear their burdens." Refreshments were served by the visitors and it was almost midnight before the unexpected "call" was over.

Mrs. G. S. McPherson gave a progressive euchre party to her lady friends, at her home on Kingwood street, Wednesday afternoon, which was a very pleasant and enjoyable occasion. The house was tastefully decorated with flowers and plants and presented a very pleasing appearance. Nearly a hundred invited guests were present. The first prize, a handsome jardiniere, was won by Mrs. B. A. Ferris, and the second, an olive dish, by Mrs. T. J. Sharkey, and the booty prize, a large red boat, adorned with a yellow ribbon, by Mrs. Kelly.

**Death of J. A. Walker.**

R. F. Walters yesterday received a letter from Miss Bruce Walker, of Milwaukee, stating that her father had died at 10:45 on Tuesday night at their home in that city, where they have lived since last spring. This will be bad news to many friends of Mr. Walker in this city. Mr. Walker lived here for many years, serving the N. P. company in the capacity of ticket agent. He was removed to Detroit some years ago when the offices of ticket and freight agent were consolidated, where he worked for the company until last spring, when he received a stroke of paralysis, which left him unfit to perform any labor whatever. He then removed to Milwaukee, where his daughters, Misses Laura and Bruce Walker were teaching, and made his home with them. He had the respect of all while living here, and his death will be mourned by all who knew him.

Deaths.

Elmer Mackay, a 2-year old son of Mr. and Mrs. Mackay, who live on Pine street in Southeast Brainerd, died on Tuesday, Sept. 3rd, of cholera infantum.

J. B. Herrington, of Fargo, N. D., a brother-in-law of Engineer Willis, died at his home in that city on Tuesday, of Bright's disease. His remains were shipped to this city for burial today. They were met at the 12:45 train by Pap Thomas Post, deceased being an old soldier, and escorted to Evergreen Cemetery, where services were conducted by Rev. Opie.
